## Summary

MSc Management of Technology candidate with a B-Tech in Computer Science and 3+ years of experience spanning project management, software engineering, and entrepreneurship. Proven ability to lead teams, manage project lifecycles, and bridge technical and business requirements in fast-paced environments.

## Experience

**Junior Project Manager** | Foxbiz Pvt. Ltd. (Remote) *Jan 2025 - Aug 2025*

- Supported the development of a modular business management platform for SMEs.
- Collaborated with cross-functional teams to define feature requirements and maintain project timelines.
- Coordinated the implementation of user-facing modules (e.g., business registration, account login).
- Engaged in UX testing and feedback cycles to improve system workflows and management tools.

**Chief Executive Officer** | Mahamaya Food Corner (Ratanpur, India) *Apr 2025 - Jun 2025*

- Identified a service gap and launched a food delivery platform for a local village.
- Led a small team through the full product lifecycle, from wireframe to functional platform.
- Conducted on-the-ground user research to identify and overcome adoption barriers related to digital literacy.

**Software Engineer** | Tata Consultancy Services (Pune, India) *Jul 2022 - Jan 2025*

- Developed and managed cloud infrastructure on AWS and GCP, enhancing system reliability.
- Implemented and optimized cloud solutions in collaboration with cross-functional teams.
- Conducted troubleshooting and performance optimization, reducing cloud service downtime.

**Intern (AI/ML)** | 4MirrorTech Innovations (Remote) *Aug 2021 - Mar 2022*

- Gained experience in image processing using ML and AI methodologies.
- Executed data preprocessing, model training, and iterative algorithm refinement using TensorFlow and OpenCV.
- Contributed to optimizing ML models, resulting in improved image recognition accuracy.

**Intern (Game Development)** | Xtrude Lab (Remote) *Aug 2020 - Sep 2020*

- Developed interactive environments using Unreal Engine and C#, focusing on level design and blueprint scripting.
- Collaborated on game mechanics implementation and networking capabilities.

**Founder** | UG Solutions (Remote) *Dec 2019 - Jan 2021*

- Launched a venture to connect tech students with industry projects, validated by market research with 100+ peers.
- Developed a partnership model with local tech startups to create a project pipeline.

---

## Education

**MS, Management of Technology** (Expected May 2027) New York University - London, UK

**B-Tech, Computer Science & Engineering** (Graduated Jun 2022) Chhattisgarh Swami Vivekanand Technical University - Bhilai, India

## Certifications

AI for Everyone

## Skills

**Management & Methods** – Project Management, Agile Methodologies, Risk Management, Stakeholder Communication, User Research

**Technical** – AWS, GCP, Python, C#, Machine Learning, TensorFlow, OpenCV, Git, Version Control

**Game Development** – Unreal Engine, Unity, Blueprint Scripting
