Product Management | Technology, Strategy & User-Centred Products

EXPERIENCE

New York University, Tandon School of Engineering — New York, NY
Graduate Assistant — *Sep 2026 – Present*
- Support Professors Tom Mazzone and Shizhu Liu (Technology Management and Innovation) with course coordination, programme operations and end-to-end academic event planning.

TechSHRM, NYU — New York, NY
Vice President, External Relations & Partnerships — *Sep 2026 – Present*
- Lead external partnerships and industry links for 2026–27; hosted the TechSHRM HR Industry Panel at Tandon with senior leaders from Meta, Genpact and Robinhood.
- Built a LinkedIn community of 5,295 followers on product, AI and student leadership; mentor students on projects and careers.

Foxbiz Software Pvt. Ltd. — Bengaluru, India (Remote)
Assistant Product Manager — *Jan 2025 – Aug 2025*
- Defined requirements for a modular SME platform (online store setup, invoicing, multilingual settings, device pairing, data backup); owned delivery timelines with the development team.
- Cut implementation time by 20% across 6 sprints by tightening requirements, release planning and UX feedback cycles.

Mahamaya Food Corner — Ratanpur, India
Founder & Chief Executive Officer — *Apr 2025 – Jul 2025*
- Led a small team from wireframes to a live website MVP for an unmet rural food delivery need, owning product lifecycle and operations.
- Field research showed adoption was blocked by digital literacy and habit, so simplified the ordering model around how the community actually orders.

Tata Consultancy Services — Pune, India
DevOps Engineer — *Jul 2022 – Jan 2025*
- Managed AWS and GCP cloud infrastructure for production systems at 99.9% uptime; cut infrastructure costs by 15% and incident turnaround by 40% through automation.
- Applied CyberArk and DevOps best practice to secure deployment pipelines across live environments.

UG Solutions — Bhilai, India
Founder — *Dec 2019 – Jan 2021*
- Validated the venture with research among 100+ undergraduate peers, then built a partnership model connecting students to startup projects; placed 50+ students across 10+ B2B accounts.

4MirrorTech Innovations, AI/ML Intern (Aug 2021 – Mar 2022): Built ML applications with TensorFlow and OpenCV for image recognition, segmentation and feature extraction.

EDUCATION

New York University, Tandon School of Engineering — New York, NY
MS in Management of Technology, GPA 3.5/4.0 — *Expected May 2027*
- Global programme: NYU London (Year 1), ESSEC Paris (summer), New York (Year 2). Data Society Hackathon winner; featured in an official NYU Tandon profile.
- Coursework: Data Visualisation, Financial Analysis, Economics & Strategy, Organisational Behaviour, Global Innovation, Statistics, Design Strategy.
